

Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Sunday 28 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Rain, especially in west, becoming lighter by Monday morning. Windy.

This Evening and Tonight:

Cloudy and mild overnight with outbreaks of rain, these patchy in the east, but heavy at times on western hills, but becoming lighter more generally by Monday morning. Windy, with gales across high ground. Minimum temperature 11 deg C (52 deg F).

Monday:

Mostly cloudy with patchy light rain, mainly across western and northern hills, but drier and increasingly brighter across eastern parts during the day. Strong winds gradually easing. Maximum temperature 15 deg C (59 deg F).

Outlook for Tuesday to Thursday:

Tuesday less windy, but dry with warm sunny spells developing. Wednesday turning cloudier and cooler as rain moves south. Cold, perhaps frosty initially on Thursday, then dry with sunny spells.
